BRIEF OVERVIEW / CAREER OBJECTIVE / SUMMARY

Hello there, I'm Naman Jain, pretty tech savvy and Enthusiastic about learning new technologies.
I'm a pre-final year Undergraduate pursuing B. Tech. from The LNM Institute of Information Technology. My usual hobbies and passion contain coding, learning new technological stuff and helping my Family with household chores. I love to develop android apps, explore new stuff and work on open source projects.

KEY EXPERTISE / SKILLS

Java   Kotlin   Python   C   Android Development   Firebase   MySQL   Git   Github   Data Structures   Algorithms

Salesforce

PROFESSIONAL EXPERIENCE

Jainam App   March 1, 2020 - May 1, 2020
Android Developer
Jainam App a digital platform to connect all Jains across the whole world. I worked here as an Android Developer and built features and fixed many bugs in their Android Client. Major feature that I worked on was implementing the in-app lyrics to sync with the bhajans playing inside the app.

LNM Institute of Information Technology   Jan. 1, 2020 - April 30, 2020
Teaching Assistan at CN Lab
I was a teaching assistant in Computer Networks Lab. My job was to help students in implementing the tasks and solving their problems which were based on Omnet++, Socket Programming, Wireshark and Computer Networks paradigm.

Driliyo   June 20, 2019 - Dec. 30, 2019
Lead Android Developer
During my Sophomore year, our team of 4 members started a rental service based start-up. My job was to build the entire digital platform. I developed and managed the android platform for vehicle rental service from scratch to unite with nearby vendors. A platform featuring authentication, push notifications, refer and earn, live updates, location APIs and much more for both User and Vendor side.

INTERNSHIPS

Finexus Inc.   Jan. 20, 2020 - Present
Finexus is US California based corporation. I am working as an Software Engineer Salesforce and Android Developer, building an entire Android Application from scratch.

PROJECTS
